

Suzanne will vote No to the Expansion of the West Harbour

- Early in the new term of Council, I will put forward a motion to prevent any expansion of the west harbour for the next four years.

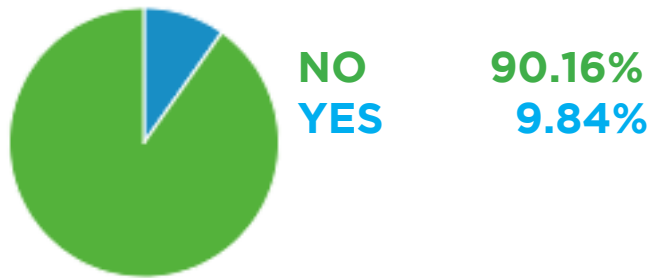

- Using the Waterfront User Needs Assessment and Detailed Design Plan, we will look at evidence-based and smart decisions for making the existing marina sustainable without adding more slips to the west harbour and without a taxpayer funded boat lift.

QUESTION: Have Your Say Residential Survey on Suzanne4DeputyMayor.ca

The Waterfront Needs Assessment and Detailed Design Plan was recently approved by Council by a vote of 6 to 1. 83 initiatives grouped into 24 projects have been identified. Included in the Waterfront Plan is the expansion of 50 floating docks into the West Harbour at a cost of \$1.2 million. Do you want the West Harbour to be expanded converting it into boat slips to help generate revenue for the marina, and shared with other users such as canoeists, kayakers, dragon boaters?
