

# STOP DEVELOPMENT ON FORMER CDCI WEST SPORTS FIELD

## Petition to Stop Bylaw Approval

**CANOPY Cobourg** is an alliance of a diverse group of organizations and individuals working to preserve 117 Durham as **public green space**. We oppose the sale of the **community sports field** majority portion to private developers and are actively pushing back against the Town of Cobourg’s proposed rezoning to high density. This treasured land is essential for recreation, environmental health, and community well-being—now and for generations to come.
